

A book by Val Limburg

Read Electronic Media Ethics

review & detail:

Information and Computing Ethics (ICE)—Digital Media Ethics (DME)—Machine Ethics/Robot Ethics. DME has its origins in ICE. ICE, in turn, is generally acknowledged to have begun with the work of Norbert Wiener , who is more broadly known as the father of cybernetics. ICE gradually developed through the 1950s to the 1980s, as computing technologies, including computer networking, rapidly progressed.
